PERSONAL INFORMATION

Family Name (Surname) Kumar
Given Names Vish
Date of Birth 06/08/1976
Gender Male
Current Work Address Consultant Orthopaedic Surgeon
The County Hospital
Wye Valley NHS Trust
Hereford, England, UK. HR1 2BN

Current Home Address 10 Groves Way
Chesham
Bucks, England, UK. HP5 2WL
Mobile: 07758 639 749

Personal email address drvjeet@doctors.org.uk
Work email address vish.kumar@wvt.nhs.uk

QUALIFICATIONS OBTAINED

Qualifications	Dates	Facility	City	State	Results
BOA National Clinical Leader	2017	BOA	Newcastle	UK	Graduated
FRCS (Tr & Orth)	Feb 2016	ISB/Royal College of Surgeons	Edinburgh	UK	Pass
MCh (Orth)	August 2014	Edge Hill University	Liverpool	UK	Pass with Merit
MRCS	November 2008	Royal College of Surgeons, Edinburgh	Edinburgh	UK	Pass
MS (Orth)	July 2005	Darbhanga Medical College	Darbhanga	India	Pass
MBBS	September 2003 (Awarded)	Rajendra Medical College	Ranchi	Jharkhand India	Pass with Merit

CLINICAL/PROCEDURAL SKILLS

Over the years, since commencing my career in Trauma & Orthopaedic surgery, I have gained extensive and broad experience in all aspects of the speciality. I have updated my personal practices and knowledge by reflective practice and self-directed learning. All my procedural expertise is contemporaneously recorded in my e-logbook and mapped to UK T&O curriculum. I have met the requirements to be granted Certificate of Completion of Training (CCT/CESR) by GMC in Trauma & Orthopaedic Surgery on 06/06/2018.

1. **Carpal Tunnel Decompression**
2. **Knee Arthroscopy & Basic/intermediate arthroscopic procedures**
3. **Total Knee Replacement**
4. **First Ray Surgery (Foot)**
5. **Total Hip Replacement**
6. **Compression Hip Screw for Intertrochanteric Fracture Neck of Femur**
7. **Hemiarthroplasty for Intracapsular Fracture Neck of Femur**
8. **Application of Limb External Fixator**
9. **Operative Fixation of Fracture of Ankle**
10. **Tension Band Wiring of patella and olecranon fractures**
11. **Intramedullary Nailing for Femoral or Tibial Shaft Fractures**
12. **Tendon Repair**
13. F&A Soft tissue procedures
14. Lesser toe Surgery
15. Ankle Arthroscopy/ Ankle replacement
16. Arthrodesis procedures for example ankle, subtalar and triple arthrodesis.
17. Midfoot and Hind foot- deformity correction surgery including Charcot/Diabetic Foot
18. Removal of metalwork
19. Complex wound management- Washout/debridement/VAC procedures.
20. Joint washout procedures for septic arthritis- Open/arthroscopic
21. Paediatric fractures
22. Upper limb trauma- humeral fractures, complex elbow, forearm & distal radial #
23. Lower limb complex trauma- Periprosthetic, Tibial plateau, Pilon #s
24. Total hip arthroplasty for neck of femur fractures.
25. Complex foot fractures- Lisfranc, Talar and Calcaneal fractures

Clinical: I have more than 5 years of NHS Consultant Orthopaedic Surgeon experience combined. I have Practising Privileges (PP) at Spire South Bank Hospital, Nuffield Health Hereford Hospital, The New Foscote Hospital, Oxfordshire, The Royal Buckinghamshire Hospital, Buckinghamshire,

My clinical practice covers full range of foot and ankle surgery including arthritis treatment, complex trauma, deformity correction, arthroscopy, ligament reconstruction, arthroplasty and minimally invasive procedures (MIS). In addition, I treat sports and dance injuries.

I also specialise in Diabetic Foot Syndromes and undertake complex Charcot Foot Reconstructive surgery.

During multiple fellowships, I have gained extensive experience in dealing with lower limb conditions having worked at both adult and children's Major Trauma Centres such as King's College Hospital, London

Having successfully completed BOA Clinical Leaders Programme, I manage and lead a multi-professional Diabetic & Orthopaedic Trauma teams. I co-chair Diabetic Foot MDT meetings. I have completed Trust's Medical Leadership Programme in Sept 2023.

I am passionate about quality improvement (QI) projects. I have designed Patient Information Sheet and Standard Operating Procedures (SOPS) and contributed to service redesign/reconfiguration. I am GIRFT Lead for OP transformation in my NHS Trust- Hereford County Hospital.

Teaching experience: I have always enjoyed teaching and have a keen interest in medical education. I use a range of teaching methods appropriate to the content and audience. I seek written or online based feedback to continually improve my teaching skills. I aim to become medical educator of future.

I am GMC-approved Clinical Supervisor (CS) for Higher Orthopaedic Trainees of Oswestry/Stoke Orthopaedic Training Programme.

I am on the **Faculty** for Clinical Anatomy Teaching Group, Department of Physiology, Development and Neuroscience, University of Cambridge, Downing Street, Cambridge, UK.

I am on the **Panel** as interviewer for ST3 T&O National recruitment process at Leeds. I am on the faculty for teaching courses at Cambridge for example Cambridge FRCS Viva courses, Advanced Cadaveric course for Approaches/Surgical Anatomy.

I have received formal Manchester Medical School OSCE Examiner Training. I have acted as an **Examiner** for University of Manchester medical students on many occasions so far with good written feedback and have been invited for future diets.

QI Projects/ Audits: I have undertaken many clinical audits and have applied their findings successfully to my clinical practice.

- 1) Managing Cervical Spine Fractures in a District General Hospital- Presented as ePoster at International Surgical Congress, ASBGI 2024 Congress ICC Belfast, UK.
- 2) Principal Investigator (PI) in Foot & Ankle Collaborative in Trauma (FACT) Study 2024.
- 3) Pre-operative reduction with residual tibiotalar subluxation is a risk factor for wound complications following surgical fixation of ankle fractures- ePoster at EFAS, Brussels, Belgium. Oct 2024
- 4) Augment- Ankle fractures re- audit BOAST 12 standards

Conclusions/actions

Lead collaborator for the **National Audit- AUGMENT** from Cambridge University Hospitals in 2018-19.

A prospective multi-centre observational audit assessing the initial management and outcome of ankle fractures (augment)

Recommendation: to follow the recommendations of the BOAST12 guidelines and ensure complete adherence for acute ankle fractures.

Presented at EFFORT Conference 2020.

5) External Audit of the Specialised Spinal Surgery at Warrington

External Audit of the Specialised Spinal Surgery at Warrington & Halton Hospitals NHS Foundation Trust. Findings from my Audit helped inform **NHS England/Warrington CCG** in commissioning spinal procedures in that unit.

Conclusions/Actions

Justification of Lumbar Disc Replacement (LDR) procedures especially in relation to its inclusion/ exclusion criteria on given standard proforma and its ratification in local/ regional (Walton Centre) MDTs.

Spinal surgery was suspended at Warrington Hospital after few incidents. "Questionable decision making" and doctors working "outside their competence" at this hospital's spinal unit was further criticised in an independent review.

6) Description of change

Mandatory CQC (Care Quality Commission, England) Consent Audit

Date

03/2016

Aim & measure of the change

Aim: Improve the consent taking process for procedures in Orthopaedic Surgery.

Objectives: 1. Check the Consent form is fully completed. 2. Check the patient/carer has sufficient information. 3. Check that the consent they gave in advance has been confirmed on the day of the procedure.

Conclusions/Actions

The patient and their carers need to have sufficient information before a procedure to be able to give their consent for the procedure to be performed.

Annual mandatory consent audit for **CQC** Inspection.

Leadership & Management: I have completed 4-day Leadership and Management Development Programme at WVT NHST 2023.

In addition, further on, whilst pursuing BOA Clinical Leaders programme, I have attended modules over one year with four, two-day modules in Newcastle-upon-Tyne focusing on:

Policy masterclass and careers planning
Leading improvement in clinical services
Personal effectiveness understanding yourself
Well-being and Resilience
Behavioural profiling
Emotional intelligence
Legal aspects of medical records
Dealing with Conflict in Teams
Quality Improvement Project Workshop
Leading Change in Orthopaedics
Understanding Clinical Coding
Inspirational leadership

Becoming a Consultant

This culminated with poster presentations of the QIP at the BOA Congress 2017.

WORK / PRACTICE HISTORY

Current Position:

(04/2021- till date): NHS Practice: Full Time Substantive Consultant Orthopaedic Trauma Surgeon, Wye Valley NHS Trust, Hereford, England, UK.

Independent/Private Practice: Consultant Orthopaedic Surgeon with Practising Privileges at:

1. Spire Healthcare- South Bank Hospital, Worcestershire, England.
2. Nuffield Health Hereford, Herefordshire
3. The Royal Buckinghamshire Hospital Buckinghamshire.
4. The New Foscote Hospital, Oxfordshire.

GIRFT Lead for Outpatients Transformation

I am dual fellowship trained F&A Surgeon having worked as NHS Consultant Foot & Ankle Surgeon grade since Aug 2017. **CCT in Trauma & Orthopaedic Surgery in June 2018.**

I am accredited **GMC approved Trainer/Supervisor (nCS)** for Higher Surgical (T&O) Trainees.

I am **Certified Trust Appraiser** for Consultants and Speciality Doctors' Appraisal and Revalidation in my WV Trust.

I have been practising as an **Expert Witness** and preparing personal injury reports since 2018.

I am the acknowledged Reviewer for **The Bone & Joint Journal (BJJ)**, Journal of Clinical Orthopaedics and Trauma and Foot and Ankle Surgery.

(03/2021-04/2021): Senior Fellow in Foot & Ankle Surgery/Limb Reconstruction, South Manchester F&A Fellowship, MFT NHS

(10/2020- 03/2021): Senior Fellow in Foot & Ankle Surgery and Diabetic Foot Reconstruction, King's College Hospital, London.

Taking referrals and organising the Diabetic Foot MDT Meeting
Diabetic Foot Clinic and MDT Ward rounds
Complex Hind-foot/ Mid-foot Reconstruction for Complex Charcot deformities- Hind foot
Nailing and Medial/Lateral column Beams
weekly MDT meeting
Foot school, Surgical planning meeting

Combined diabetic foot vascular clinics every Tuesday
Research
DSU list
Elective clinics

Supporting Trauma service taking on sub-speciality F&A Trauma.

Academic: Reviewer for Diabetic Foot related manuscripts for PubMed Indexed Journals such as Journal of Clinical Orthopaedics and Trauma.

PREVIOUS POSITIONS

(11/11/2019 – 30/11/2020): Robotics & Advanced Orthopaedics Research Fellowship, Australian Institute of Robotic Orthopaedics (AIRO), Perth, Australia.

Responsibilities: I provide consultation and advisory services to the Orthopaedic engineers. Research projects include literature reviews, manuscript preparation, writing SOP for hip and knee arthroplasty, study designs, grant and ethics applications, coordination of participant recruitment and scheduling. Participation in development of an Intelligent Surgical Counting System (ISCS) for Improved Patient Safety. Collaborating and liaising with bone Scientist/Medical Physicists in research lab for histological analysis of cement on bone. This post involves interacting with clinical and research collaborators in Australia and overseas to facilitate the conduct of multi-centre research projects.

Clinical: Attending weekly clinical cases and X-rays meetings, weekly observation in orthopaedic theatres and outpatients to keep up to date with clinical knowledge and skills.

Administrative: Actively involved in Hospital/Practice service reconfiguration, quality assurance programme and developing Clinical Quality Standards. Designing Patient Information Sheet/leaflets.

19/10/2018 – 01/04/2019

Full-time Consultant Trauma & Orthopaedic Surgeon with special interest in F&A Surgery (Fixed-term), Addenbrooke's Hospital, Cambridge University Hospitals, Cambridge. Major Trauma Centre (MTC).

Responsibilities:

- Worked as part as of multi-disciplinary team; On Call Consultant Trauma & Orthopaedic Surgeon for the East of England Major Trauma Centre (MTC); Out-of-hours management of complex polytrauma.
- Maintained highest possible clinical standards in the management of complex fractures.
- Shared responsibilities for the day-to-day management of the trauma and elective patients with colleagues.
- Actively participated in both departmental and Trust matters concerning Clinical Governance and Audit.
- Arranged teaching and training of junior staff, nursing staff, physiotherapist and medical students
- Worked in close conjunction with external professionals to create and implement a network of referral plan.
- Promoted corporate responsibility within the Trust and NHS performance framework and targets.

- Worked collaboratively with consultant colleagues, clinical managers and senior managers of the hospital
- Full-time unsupervised position.

07/08/2017 – 12/10/2018

Full-time Consultant Trauma & Orthopaedic Surgeon with special interest in Foot & Ankle surgery (Fixed-term), Bucks NHS Trust, Bucks.

Responsibilities: Fully accountable for the establishment and management of a new service specialising in the provision of Foot & Ankle surgery services requiring reduction of Waiting List; Referral-to-Treatment Time (RTT)

- Collaborated with professionals in primary care and third parties to set up the pathway for management of patients with Foot & Ankle disorders and sports injuries.
- Planned and organised a highly successful Virtual Fracture Clinic (VFC) programme driving the business forward to free-up the slots in real clinic for the complex cases.
- Introduced a range of trauma focussed services and facilitated the provision of 24-hour service by business partnership in conjunction with other trusts and external agencies.
- Evaluated and selected trainees in National Recruitment process in Leeds, March 2018

Full-time unsupervised position.

01/02/2017 – 02/08/2017

Full-time BOA Clinical Leader Fellowship in Foot & Ankle Surgery, Wrightington Hospital, UK. Supervisors: Mr M Karski & Mr J Davenport.

Responsibilities: Full time Foot & Ankle Fellowship in Centre of Excellence involved extensive F&A surgery experience at Wrightington Hospital (Centre of Excellence of Orthopaedic surgery) dealing with management of complex cases at tertiary referral centre.

- Participated in Trauma on-call rota co-ordinating and managing trauma patients at Wigan Royal Infirmary.
- Designed pathway for Achilles Tendon rupture management.
- Presented as Quality Improvement (QI) project- Poster at BOA (British Orthopaedic Association) Congress, Liverpool September 2017.
- Graduated as **British Orthopaedic Association (BOA) Clinical Leader** successfully completing modules in: Policy Masterclass and careers planning, Leading improvement in clinical services, Personal effectiveness, Wellbeing and Resilience, Dealing with Conflict in Teams, Quality Improvement Project Workshop, Understanding Clinical Coding.

16/11/2016 – 31/01/2017

Post FRCS (Orth) Fellowship in Trauma and Foot & Ankle Surgery, Stepping Hill Hospital, Stockport, UK. Supervisors: Mr R Dalal & Mr H Sugathan.

Responsibilities: This was a post-FRCS Foot & Ankle Surgery Fellowship to provide training in complex orthopaedic trauma surgery. Post involved attending major trauma calls being first on-call. Weekly supervised trauma lists and independent fracture clinics were timetabled. Full-time position.

04/04/2016 – 15/11/2016

Major Trauma Fellow in Orthopaedic Trauma - Royal Preston Hospital (Major Trauma Centre), Preston, UK. Supervisors: Mr T McEvoy, Mr P Hughes

Responsibilities: This was a post-FRCS trauma fellowship in a Major Trauma Centre to provide training in complex orthopaedic trauma surgery. Post involved attending to major

trauma calls being first on-call. Weekly supervised trauma lists and independent fracture clinics were timetabled. Full-time position.

05/08/2015 – 01/04/2016

Senior Clinical Fellows in Paediatric Orthopaedics and Spinal Surgery – Sheffield Children's hospital, Sheffield, UK. Supervisors: Mr Lee Breakwell & Mr M Flowers.

Responsibilities: First on-call for paediatric trauma at this **MTC for children**. Duties involved leading daily business ward rounds independently. Assisting supervising consultants in clinics and operating theatres. Full-time.

04/08/2014 – 04/08/2015

Senior Clinical Fellow - Complex Spinal Surgery, Salford Royal Foundation Trust, UK

Supervisors: Mr H Dashti & Mr R Verma.

Responsibilities: I participated in 1:8 Registrars on call rota which involved managing all spinal referrals from the North West region into the Trust between 8am to 8pm, 7 days a week in collaborative working with the neurosurgical team. This involved maintenance of a neurosurgical database, from which prospectively recorded data on outcome and patient management could be audited. Full-time.

02/10/2013 – 03/08/2014

Foot & Ankle Fellow, Foot & Ankle Unit, Wrightington Hospital, UK. Supervisor: Mr Tim Clough, Mr J Davenport & Mr Rob Smith.

Responsibilities: Placement involved participating in on-call rota at Wigan for orthopaedic trauma in addition to attendance at orthopaedic out-patient clinics / fracture clinics as well as orthopaedic elective / trauma lists with the consultants. Full-time.

04/02/2013 – 01/10/2013

LAT ST 4, Lower Limb Arthroplasty & Trauma, North West Training Programme, London deanery. West Herts NHS Trust. AES/CS: Mr D J Ram.

Responsibilities: Placement involved participating in on-call rota at West Herts Hospital for orthopaedic trauma in addition to attendance at orthopaedic out-patient clinics / fracture clinics as well as orthopaedic elective hip & Knee surgery / trauma lists under complete supervision of consultants. **Full-time**

01/08/2012 – 03/02/2013

LAS SpR, **Foot & Ankle Fellow** Wrightington Hospital, Wigan, UK. Supervisor: Mr Tim Clough.

Responsibilities: Placement involved participating in on-call rota at Wigan for orthopaedic trauma in addition to attendance at orthopaedic out-patient clinics / fracture clinics as well as orthopaedic elective / trauma lists with the consultants. Full-time.

04/08/2010 – 31/07/2012

Clinical Fellow, Lower Limb Arthroplasty Wrightington Hospital, Wigan, UK. Supervisors: Mr MV Hemmady & Prof T Board.

Responsibilities: **Full-time** supervised clinical research job with no participation in on-call rota. Research activities involved collecting, handling and analysing data on 512 Total Hip Replacements with clinical follow up. Other duties involved regular participation in journal clubs and making regional, national and international presentations of the completed research projects.

03/02/2010 – 03/08/2010

SpR LAS Tr & Orth (Trauma & Upper Limb- Shoulder & Elbow) DPOW Hospital, Grimsby, UK. Supervisor: Mr M Eltayeb

Responsibilities: Placement involved participating in on-call rota at Diana, Princess of Wales Hospital for orthopaedic trauma in addition to attendance at orthopaedic out-patient Shoulder & Elbow clinics / fracture clinics as well as orthopaedic elective Shoulder & Elbow surgery / trauma lists under complete supervision of consultants. Full-time

05/08/2009– 02/02/2010

SpR LAS Tr & O (Lower Limb Arthroplasty)

DPOW Hospital, Grimsby, UK. Supervisors: Mr T K Bagga

Responsibilities: Placement involved participating in on-call rota at Diana, Princess of Wales Hospital for orthopaedic trauma in addition to attendance at orthopaedic out-patient lower limb clinics / fracture clinics as well as orthopaedic elective lower limb surgery / trauma lists under complete supervision of consultants. Full-time

18/05/2009 – 04/08/2009

LAS SpR, Trauma & Orthopaedics (Hand) DPOW Hospital, Grimsby, UK. Supervisors: Mr Chris Coapes

Responsibilities: Placement involved participating in on-call rota at Diana, Princess of Wales Hospital for orthopaedic trauma in addition to attendance at orthopaedic out-patient Hand clinics / fracture clinics as well as orthopaedic elective Hand surgery / trauma lists under complete supervision of consultants. Full-time

04/08/2008 – 17/05/2009

CT 2 Trauma & Orthopaedics, Wales Deanery

Wrexham Maelor Hospital, Wrexham, Wales. AES: Mr Raminder Singh Supervisors: Mr I Wilson & Mr A Syed.

Responsibilities: Placement involved participating in on-call rota at Wrexham Maelor Hospital, North Wales for orthopaedic trauma in addition to attendance at orthopaedic out-patient clinics / fracture clinics as well as orthopaedic elective / trauma lists under complete supervision of consultants. Full-time.

07/02/2007 – 03/08/2008

SHO, Trauma & Orthopaedics Guy's & St Thomas' Hospitals, London. Supervisors: Mr S Corbett, Mr Lucas & Miss D Back

Responsibilities: Placement involved participating in on-call rota at St Thomas' Hospital for orthopaedic trauma in addition to attendance at orthopaedic out-patient clinics / fracture clinics as well as orthopaedic elective / trauma lists under complete supervision of consultants. Full-time.

INTERNSHIP AND OBSERVERSHIP

03/07/2006 – 29/12/2006

Honorary Clinical Observer, Guy's & St Thomas' Hospitals, London, UK.

26/03/2000 – 25/03/2001

Rotatory Internship (one-year programme) Programme at Rajendra Institute of Medical Sciences, RIMS (Formerly Rajendra Medical College & Hospital, RMCH), Ranchi, Jharkhand, India rotating through General Medicine, General Surgery, Obstetrics & Gynaecology, Preventative & Social Medicine, ENT, Ophthalmology, Paediatrics, Casualty (A&E), Anaesthesia and Dermatology.
